

# Become an Authorized CalGETS Provider

California Gambling Education and Treatment Services Program (CalGETS) is a treatment program for individuals with a gambling disorder and affected individuals who are negatively impacted by a loved one's problem gambling behavior. Licensed health providers can become authorized CalGETS providers, able to receive fee-for-service reimbursement from the state of California. Think of becoming a CalGETS provider as adding a specialty to your existing license which includes a new revenue source!

## Phase I Training

The Office of Problem Gambling (OPG), in partnership with the UCLA Gambling Studies Program (UGSP), is currently recruiting licensed therapists to participate in the CalGETS program. To become an authorized provider, therapists must complete online state-funded training focusing on the treatment of problem and pathological gamblers. Training consists of prerequisite self-guided online material and live virtual classroom training with an instructor for 3 days, 4 hours each. The Phase I training will provide an opportunity to obtain up to 10 continuing education units (CEUs) for MFTs and LCSWs. There are no fees associated with this training.

## Requirements

- Possess a licensed clinical degree, current and in good standing: Doctor of Medicine (MD); Doctor of Psychology (PsyD); Doctor of Psychology (PhD); Doctor of Osteopathy (DO); Marriage and Family Therapist (MFT); Licensed Clinical Social Worker (LCSW); or Research Psychoanalyst (RP)
- No violations or pending actions as a result of a formal complaint to the California Board of Behavioral Sciences, Board of Psychology, and Medical Board of California
- Possess current malpractice insurance
- Have a HIPAA compliant personal computer with Internet access
